12:31:53 What are voxels?

"pixel"	Picture Element	A little square of color on the screen
"texel"	Texture Element	A little square of color in a texture image
"voxel"	Volume Element	A little cube of color
"droxel"	Drone Element	Those lights on drones that make 3D images in the sky

[I made up the word "droxel". Don't use it. Nobody will know what you're talking about.]
